An administrative budget is a formal breakdown of all planned expenses, allowing managers to make estimations and measure progress. Like all management tools, the chapter highlights the need for detailed information, if the technique is to be used to its fullest advantage. In this case managerial account represents the system of internal account at the enterprise, or, structural system of information transmission.

If you are a MAC user due to compatibility issues, you will need to purchase additional software.

General and administrative expenses are not directly attributable to the production of goods and services and include audit Please cite this article in press as:

It may be possible to move by journal fixed sum of employment costs but, for most costs such as repairs are unpredictable and may be very high or low - an estimated figure based on past experience.
