The science would not have been possible without the unsung efforts of many associates who made the fly food and flipped the stocks. Ed and his wife Pam took me to my first opera—Andre Chenier—introduced me to James Galway at the Hollywood Bowl, and showed me where to find fossil sand dollars at Fort Funston. Levine et al. ListsWhatarelists? It shows Ed's concern for history as well as Demerec's unselfish assistance to a young scientist. I still remember my excitement, admiration, and pure pleasure on reading this article.
