Log in via Institution. The problem to be audited has an important impact in terms of costs, resources, or risk.

Changing the clinical behavior of doctors:

Moreover, these contents must be pre-emptively shared with those who have pr

In fact, while the low compliance was recognized as the main cause of therapeutic failure, most of the interventions were focused on pharmacological therapy. Changing the clinical behavior of doctors:

Checking the audit effectiveness A check of the effectiveness of the changes consists in measuring a clinical outcome or a process against well-defined standards, established using the principles of evidence-based medicine.
