According to humans, the human brain is a miraculous organ. Skeletal parts of the chimp Australopithecus and sapiens. Why is this so? We are destroying our natural environment at a constantly increasing pace, and in so doing undermining the preconditions of our own existence. This book is unique in its coverage and presentation; and the examples it provides are excellent. Bazega marked it as to-read Aug 20, Up against the wall, because of population pressure, we made the fateful decision of the vicious circle principle of the development. PurplyCookie marked it as to-read Oct 09,
