In this room there is no one whose family tree doesn't reach back, sooner or later, to farming roots. This work traces the emergence and the economic and legal content of the different income support tools for agricultural producers, collectively termed 'production rights' and it looks at the foundations of the specific national conceptions underlying the methods of organising agricultural activity. The CAP Production Rights in European Agriculture furthermore been criticised due to its effect on farmland bird populations.

The arguments were re-enforced at the European Health Forum Gastein on the CA. Thus, in order to face the consequences of the mad cow disease Bovine spongiform encephalopathy -BSE in addition to veterinary measures [see section 5. In the past years intervention has been reduced or abolished in all sectors. Several rural development measures were introduced including diversification setting up producer groups and support for young farmers.

Changes in farm policy EU farm policy has evolved considerably in recent decades. We know what the rural class means to Europe, not only through its economic values, but also by its moral and social values. The European Parliament and the Council, debated the text.
